Brooklyn 26, New York

Dear Mr. Cooper,

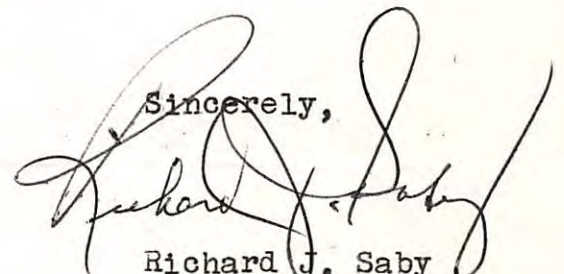

This is a verification of your DX report dated February 3, 1962 in which we were glad to note the type of equipment you use also the information regarding our Va. counterpart.

The 'JUD' of our call letters is a nickname of long standing of the company's president and our frequency checks are conducted every first Saturday, your equipment is not faulty - we missed the January check. Our check is made by Precision Crystal Service of Port Huron, Michigan.

During the month of February we sign on at 7:30 a.m. and off at 6:15 p.m. - the Sunday schedule being the same.

It has been my pleasure to read your letter and verify your report. The best to you in '62 -

Sincerely,

Richard J. Saby  
Program Director
