Owned and Operated By

CROOKSTON BROADCASTING COMPANY

Crookston, Minnesota

April 27, 1948

Dear Mr. Cooper,

I am very happy to state that your report of reception of our signals on April 20th from 1:20 to 1:40 and on April 19th from 3:18 to 3:32 AM CST is verified.

Your signals, or rather, your reports of our signals are almost invaluable to us in proving that our transmitter is tuned properly.

Our hours of operation will be from 6AM to 8PM in May but of course they will change each month. I would suggest that you get a copy of "FCC Standards of Good Engineering Practice Concerning Standard Broadcast Stations", Part#26, Page H-101. This will give you daylight hours for the whole country. Our closest point is Grand Forks, N.Dak. so we base our time on that city.

Our frequency checks are now being conducted from 5:30 to 5:45AM but later in the summer we may go back to 1:00 to 1:15AM.

Thank you and good listening,

William J. Kiewel
