National Radio Club
438 East 21 St.
Brooklyn, 26, N.Y.

Dear Sir:

This is to verify your report of your reception of our signal on March 17. Thank you for your interesting letter. KTCR is a 500-watt daytime 3-tower directional with our main lobe in an east, southeast direction. We plan to be on the air within a week. Once again, thank you for informing us of your pickup of our signal. We are always interested in being heard so far away.

Vern Arthur
Chief Engineer
KTCR
