

January 11, 1949.

Mr. Ernest R. Cooper, Editor  
National Radio Club  
438 East 21 Street,  
Brooklyn 26, N. Y.

Dear Mr. Cooper:

Thank you for your letter of January 8th, and I am very happy to verify your reception of our early morning equipment check, of that date. It is correct and checks with the announcement made at approximately 1:08 A.M.

We do not conduct an early morning frequency check broadcast, as we use a service in Minneapolis which receives us well during our daytime transmissions and they check us at that time. However, an early morning broadcast for the benefit of the DX fans is contemplated in the near future, and I will inform you two weeks in advance, so that you can alert the members of your club and others interested.

Very truly yours,

WORTHINGTON BROADCASTING COMPANY.
