

**K D K D** CLINTON BROADCASTING COMPANY, INC.

1000 WATTS IN CLINTON, MISSOURI

Clinton, Missouri  
Jan. 7, 1951

Dear Mr. Cooper;

After checking my log I am happy to verify your report of receiving KDKD<sup>C</sup> Clinton, Missouri on Dec. 23, 1951.

As for where Clinton got it's name that is a mystery written to me. Population is a little over six thousand. Our coverage is about 250 miles non-directional. We get our regular monthly check during our regular broadcast day. However, we go on at 5:45 earlier than most. We have been broadcasting since last May 11.

Thanks for your fine report and your interest in the station.

I remain,

Very sincerely,

*Marvin Landon*
