October 8, 1951

Mr Ernest R Cooper
438 East 21st St.,
Brooklyn 26, New York.

Dear Ernest :

I am happy to verify your reception of this station on 2 October 1951 from 1:51 to 2:05 AM CST, at which time we were making our regular frequency check with the Commercial Monitoring Company of Kansas City, Missouri.

Permit me to correct your location of this station. We are at Carthage rather than Sedalia. Carthage has a population of near 15,000 according to the signs around here but I think they stretched it a grand or so. We were discussing the origin of the Town's name but I received no positive answer. I assume that it is an indirect steal from the Greeks.

The information submitted in your report is highly appreciated and will be kept in the station files along with other DX reports.

Sincerely,

George F. Province
