November 25, 1965

Dear Mr. Cooper:

This is a letter to verify your reception of KGCL's equipment test on the morning of November 8th, 1965.

KGCL is a daytime, non-directional station on 1080 KC, and operates with 250 watts of power. We are going to begin our regular schedule this Monday morning, November 29, 1965. Our broadcasting time is from sun to sun. This month we will begin at 6:30A.M. and run until 4:45P.M. In December our hours are from 7:00A.M. until 4:45P.M.

The city of East Prairie is in a big farm area. The main crops raised here are cotton, corn, and beans. The town has a population of around 3,500. Also two factories are located in East Prairie.

We here at KGCL want to thank you for your report and we feel it was a great help to us on our equipment tests.
