Mr. Ernest A. Cooper
National Radio Club
438 East 21st Street
Brooklyn, New York

Dear Mr. Cooper:

Talk about being late with answering letters I am just about a month late but let's hope that it is better late than never. As you know there comes a time ever now and then when a person can't seem to catch up on all the work before him. That is just what happened to me since our frequency check. Anyway my intentions were good.

Thanks for your report and it checks except the title of the song was "Feeling like a dream" instead of I feel like a Breeze as you said.

As far as I know Van Norstand has given the third Wednesday of each month from 2:30 to 2:40 AM for our frequency checks. I would certainly like it much better if he would continue to give us this time as it saves a lot of confusion to have it at a regular time each month.

Thanks for the information about DX club and giving the official end of the DX season as March 31, I will dedicate the April frequency check to your club then I will discontinue the dedications until later notice. You can be sure that I will resume dedications in Sept. if not sooner. Due to local interference on 1400 KC we will probable change our frequency to 1340 as soon as possible but it will not be done until after April 21 the time of our next frequency check.

Thanking you again for your report and hoping to hear from you again soon, I remain?

Sincerely yours,

Maxwell Williams
