Dear Mr. Cooper:

This letter will confirm your reception of WZRX in Jackson, Mississippi, on January 23, 1990.

The station operates with a daytime power of 5,000 watts non-directional and a nighttime power of 1,000 watts directional -- generally to the southwest of the city.

Unfortunately, I do not have a coverage map available.

Incidentally, it's been quite a while since I've received a DX. I suppose all the clutter on the AM band has diminished distant listening dramatically.

Best,
