Mr, Ernest R. Cooper.  
National Radio Club.  
#438 East 21st, Street.  
BROOKLYN 26 - N.Y. - U.S.A.

Dear Mr, Cooper:-

Yours 25th. inst. We have checked with our daily report and find that it was X.E.F.I. station that you heard early morning July 24th. on 1,440 K.C.

Under date of November 16th. ulto. we wrote you that we bought new vertical radiator tower which was placed in operation March 3rd. last but our transmitter continues to be 1,000 watts.

We will be pleased to have the DX program for the National Radio Club and receive reports from the States and Canada and the date can be next November as suggested by you.

At present we are working from 6:30 A.M. to 0:30 A.M. - next morning, or 18-hours daily. Please try and hear us either between 12 midnight to 12:30 or between 6:30 and 8:00 A.M. in the morning, for we think more or less at that time there are less radio stations on the air and we can be heard a little better.

Please send me further details and suggest date and hour best suitable for National Radio Club and also send me some data as to your Club which you would like us to mention during the program. As to our suggestion of a date, we celebrate November the 20th. the anniversary of our Revolution and we could, if agreeable to you. have that program early that morning or right after mid-night of the 19th.

It is not necessary for you to bother sending International Reply Coupon for our replies - we are indeed glad to correspond with you.

With kindest personal regards and best wishes, I beg to remain,

Very sincerely yours,

EL PREGONERO DEL ESTADO DE CHIHUAHUA

X. E. F. I.
