

WBRM

LAKE CITY BROADCASTING CORPORATION
MARION, N.C.

19 February 1952

Mr. Ernest Cooper
Brooklyn, N.Y.

Dear Sir:

I am sorry that you did not receive an answer to your first letter, regarding the reception of our equipment tests.

This will verify your reception of our signal on 8th of May 1949 from 1:01¹⁵ A.M. E.S.T. until 1:14.

We check our own frequency here at WBRM - since our frequency is 1250 KC it is a very simple matter to ^{zero} beat our crystal harmonics against WWV.

The town of Marion was Chartered in 1845 - it was named after General Francis Marion.

Thanking you for your letter, we are

Yours very truly
Lake City Brdc Corp
