ERNEST R. COOPER, Editor
NATIONAL RADIO CLUB
438 EAST 21st STREET
BROOKLYN, NEW YORK

DEAR MR. COOPER:

YOUR DELAY IN REPLYING IS CERTAINLY EXCUSABLE, BECAUSE THE ENGINEERING DEPARTMENT OF WBZB KNOWS WHAT IT MEANS TO BE BUSY DURING THESE PAST FEW DAYS SINCE THE TEST. WE HAVE SPENT THE BETTER PART OF LAST WEEK SENDING OUT LETTERS OF VERIFICATION. NOT THAT WE MIND, OF COURSE, WE ARE REALLY GLAD TO HEAR FROM ALL THE MEMBERS OF THE NRC, AND SEE HOW WELL OUR SIGNAL WAS GETTING OUT.

I WOULD LIKE TO THANK YOU INDIVIDUALLY FOR YOUR REPORT, AND TO SAY THAT IT WAS ACCURATE.

THUS FAR, WE HAVE RECEIVED OVER 200 REPORTS FROM ALL OVER THE NATION, AND QUITE A FEW FROM CANADA.

SORRY YOUR FIRST LETTER WAS NOT ANSWERED, BUT AS YOU SAID, IT WAS PROBABLY LOST IN GETTING THE STATION MOVING....

SINCERELY,

RICHARD C. BRIDGES,
CHIEF ENGINEER, WBZB

RCB/ws
