

Dear Mr. Cooper,

Thanks for the card, sorry we put you to sleep but maybe that was better than listening to the rest of the program, Hi. I believe you already have a verification from us, if you haven't, consider this as it, Januray 23, 1941, 2;50 to 3;35 AM, EST. We did go on at 2;30, but we did not start the program for the NRC until three. I believe your name was mentioned later in the program, if it was not, pls accept my apoligies. The program was not planned. In fact I never plan a DX program, just put on what comes along, and let it fall where it may. It usually falls on the bad side, but that is neither here nor there, but thanks for the card and good DX'ing.
