Dear Mr. Cooper,

On the ~~night~~ of Feb. 12th, 1948, W F L B went on the air at 1:30 A.M. for the purpose of Equipment tests the carrier was cut off at 2:30 A.M. to check the Xmitter and was put on again at 2:48A.M. and remained on until Five O'clock A.M. This is according to our Transmitter Log of Feb. 12, 1948.

Although I was not employed here at the time a check with the announcer on duty that night shows that your account of what went on the night in question, is accurate and it checks with letters I have gotten from other members of your club.

Thanks for your interest and I would like to wish you many more nights of good listentng.

Yours truly: (
