Mr. Ernest R. Cooper
438 East 21 Street
Brooklyn, New York 11226

Dear Mr. Cooper:

Thank you very much for your nice card of December 12, 1966. We certainly appreciate your complimentary remarks regarding our special DX test program, and are glad that you were able to receive our signal.

You may be interested to know that we received 53 replies from 19 states and Canada in response to the test program, including 1 from Washington state and 5 from California.

Incidentally, Mr. E. S. Long, who signed a WHKY verification for you back in 1940, is my father. He is still active in the organization as Secretary-Treasurer and General Manager. Currently, we are in the process of constructing a UHF television station on Channel 14.

Enclosed is a copy of our coverage map, which you may find interesting. Thank you again for writing, and if you are ever in this area, stop by to see us.

Sincerely,

Thomas E. Long
Chief Engineer
