Ernest R. Cooper  
5 Anthony Street  
Provincetown, Mass. 02657

Dear Ernest:

I received your letter on the 2nd and am sorry that you got no reply sooner. As you have reported, WHPY was conducting tests on June 14, 1976. We were making adjustments with the transmitter (Gates BC-5H) and also checking parameters because of an apparent loss of our signal in nearby Smithfield, NC.

We normally do not have scheduled experimental operation, unless of course, it is needed.

Your reception report was very accurate, and I'm glad that you received good reception. I apologize for the late response to your report, as we received many this past summer, and have had difficulty in answering all of them.

I have enclosed our coverage map and a couple of bumper stickers. Thanks for writing, and keep listening.

Sincerely,

*Mike Edwards*
