Mr. Ernest R. Cooper, Editor  
National Radio Club  
Brooklyn, New York

Dear Ernest,

First, I'm sorry you didn't get a verification from us back a year ago. Maybe late will be better than not at all.

After much digging I came up with our logs dated November 15, 1963 and will verify your reception of that date. I'm sorry also that we haven't had any cards made up. If we keep getting out like some of the letters indicate, I'll have to have some made.

We do not have any regular early morning frequency check period. Most of our checking is done on a dummy antenna. I plan to do some testing on the air November 16, 1964 from 4:30 am to 5:00 am which is on a Monday morning. That is if I can get up at that hour!

Thanks again, Ernie, for your letter. Good luck on your "DXing" and hope you catch us again sometime.

Yours truly

Grant Smith  
Chief Engineer  
Radio Station W K T E  
King, North Carolina
