Dear Mr. Cooper:

This will acknowledge receipt of your letter concerning your reception of transmissions from this station on Saturday July 24, 1948.

Your records are correct and this will verify your records. We were on the air at the time receiving a frequency check from RCA in Riverhead, however, we do not maintain regular schedules for that purpose. We always contact them by telephone at a time convenient so that we will be able to correct if we have drifted off too far.

We're still on 100 watts but have application pending for increase to 250 watts.

I'm glad to know you were able to receive signals from this station and hope you can pick us up again before long.

Cordially yours

Lewis E. Winn
