Dear Sir:

Your letter of July 26 was appreciated very much. WTTR began equipment tests June 30, 1953 and was Federally inspected July 3, 1953. WTTR went on the air officially at noon July 14, beginning commercial operation the following day at 6:00 A.M. EDST. We plan periodical frequency checks, adhering to no rigid schedule.

Enclosed is our rate card and coverage map. We appreciate your report. Westminster was named for Westminster, England, and has a population of approximately 6,800, with Carroll County being rated at about 45,000.

Thank you again and good luck.

Sincerely yours,

Chas. T. Buffington
Chief Engineer
