Dear Mr. Cooper:

Your verification of KORN's frequency check is correct, and I must say our staff members gave out with a hearty smile over the CORN.

I regret to say I do not know the test schedules of KHAS and KOWH. Our regular frequency check is during the second Friday morning of each month, from 1:00 to 1:30 A.M.

We may dedicate a test to the N.R.C..

Thanking you for your complete report, we remain

Yours very sincerely,
