

# K R G I

1000 WATTS

DAY AND NIGHT

1430 K C

GRAND ISLAND, NEBRASKA  
April 20, 1953

Mr. Ernest R. Cooper,

This will verify your reported reception of our station on March 8. Sorry we are late in answering your letter. We have a regular schedule with Commercial Radio of Kansas City on the fourth Saturday night of every month from 1 to 1:30 AM est. At this time we will be on our non-directional pattern. Perhaps this will aid others to receive us.

Our sports announcer Al Stanley hails from Brooklyn.

Thanks for your letter.

Ass't. Engineer,

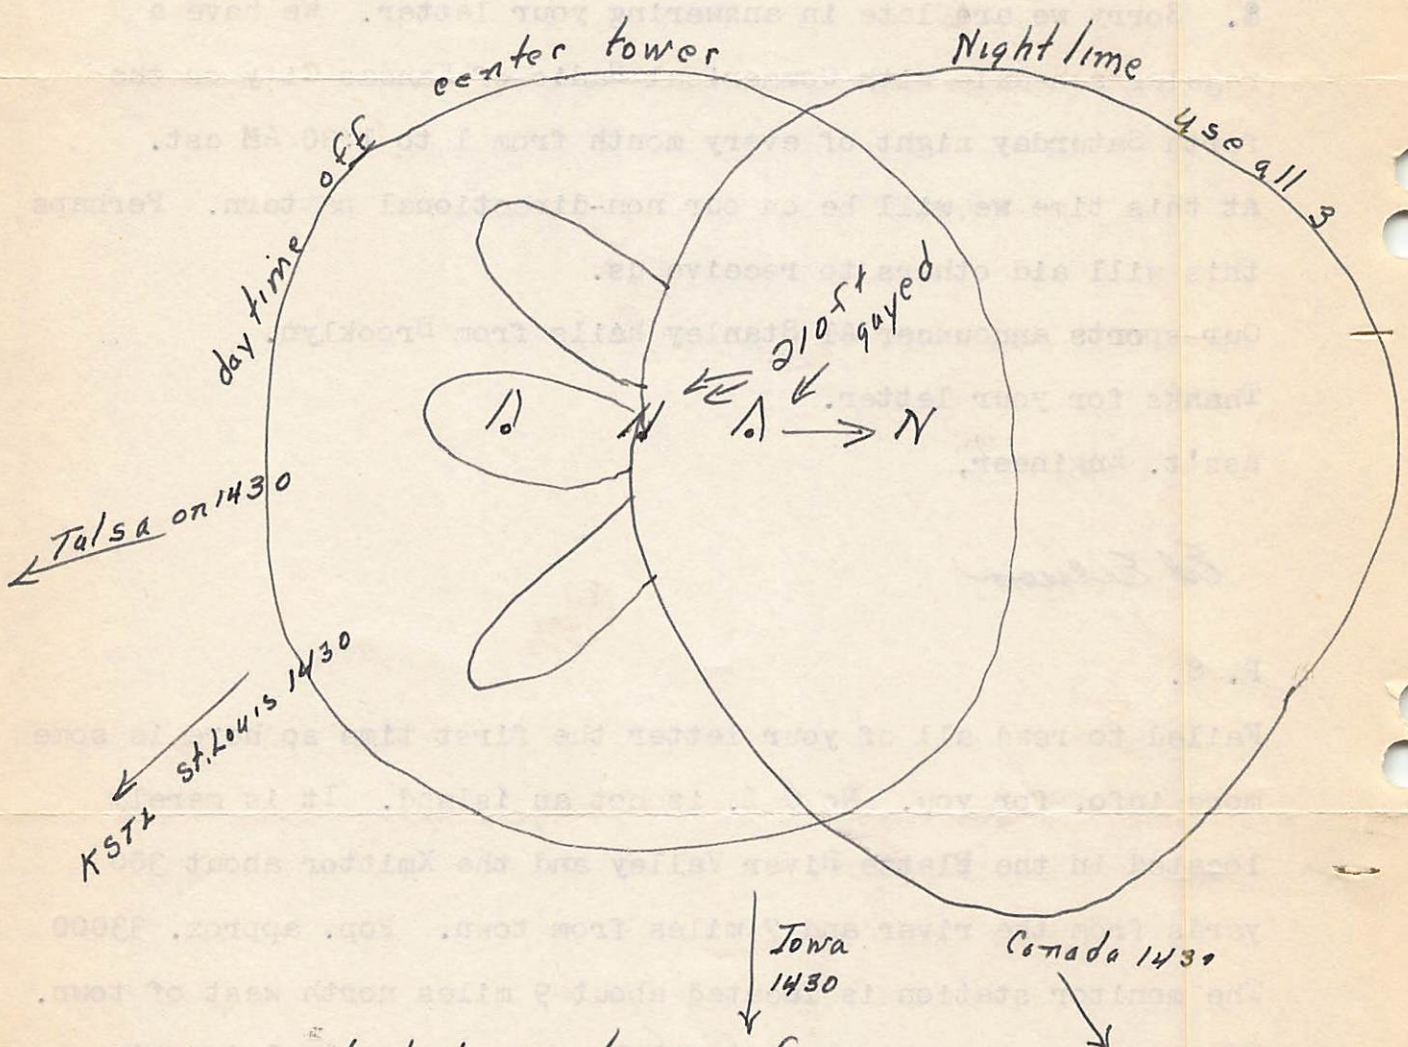

*Ed Ellson*

P. S.

Failed to read all of your letter the first time so here is some more info. for you. No G I. is not an island. It is merely located in the Platte River Valley and the Xmitter about 300 yards from the river and 7 miles from town. Pop. approx. 33000 The monitor station is located about 9 miles north west of town. We began regular operation April 1, non-directional day time, directional north before and after sun rise and sun set. 18 hours a day. 20 hours on Sat. 15 on Sun. At the present time.
