Regards,

Don Powers
Chief Engineer
Somerset County Broadcasting Co.

Mr. Cooper-

Your Quite welcome to visit the WBRW Transmitter Studio Complex - WBRW is quite New (Dec 23rd 1971) and we are proud of our physical plant - We operate with .5 Kw and a four Tower directional antennae system with a tight pattern.

We conduct our external frequency check on a Quarter basis with Flutrow in Maryland however it's done during our Broadcast day.
