Ernest R. Cooper, Editor
National Radio Club
438 East 21st Street
Brooklyn 26, N. Y.

Dear Mr. Cooper:

This is to verify your report on receiving KSYX on the special test program broadcast on February 11th 1963 between 12:57 and 1:33 AM-MST.

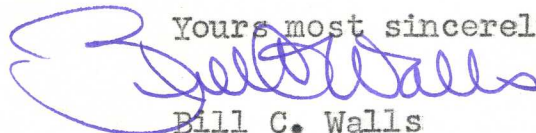

Our frequency measurements are usually scheduled on the third Wednesday of every month from 12:05 AM to 12:20 AM-MST.

Our sign on time both weekdays and Sunday is 6 AM-MST. KSYX first went on the air November 2nd 1960.

We did have a good response from National Radio Club members of California, Nebraska, New York, Massachusetts and Illinois.

Coverage map enclosed. Best regards to the National Radio Club and its members.

Yours most sincerely,

Bill C. Walls
General Manager
