Dear Mr. Cooper:

We here at KTNM were very glad to receive your nice letter stating that you logged us on November 1st. We are glad that we got back to the east coast so well, for several DXers got us back there. We are sorry that we didn't give the National Radio Club a plug, but we shall surely do so the next time.

You can consider this a verification of the fact that you did receive KTNM, Tucumcari, New Mexico, on November 1, 1948, from 2:03 A.M. until 2:17 A.M. Mountain Standard Time, as your log pertaining to our program was correct.

We are happy to be placed on your log, and if you ever come this way, please stop in and see us.

Very truly yours,

David F. White Jr.
