CANANDAIGUA, NEW YORK

March 31, 1961

Mr. Ernest R. Cooper
National Radio Club
438 East 21st Street
Brooklyn 26, New York

Dear Mr. Cooper:

This is to verify your report of reception of this radio station on March 25, 1961 between 2:02 A.M. and 2:30:35 A.M.

During the period you listened, we were making our proof of performance tests. Consequently, the reason for so much 1000 cycle tone.

WCGR is a 250 watt non-directional station that will operate from sunrise to sunset just as soon as the Commission authorizes program tests, which we expect either today or Monday. Frequency checks will be made with Ziehl Electric Service in Lockport, New York on a schedule to be determined by them at a later date.

Enclosed is our proposed coverage area, although it may be changed once we get on the air and field intensity measurements are taken.

Thank you for your interest.

Sincerely,

CANANDAIGUA BROADCASTING
COMPANY, INC.
