Mr. Ernest R. Cooper  
National Radio Club  
438 East 21st Street  
Brooklyn 26, New York

Dear Mr. Cooper:

Please consider this letter as verification of your reception of our signal on June 12, 1956.

Many thanks for your very nice letter. Since we are a new station we appreciate your signal report very much and look forward to such reports.

We, as yet, do not have a frequency check period established but hope to do so in the near future. Our transmitter is a brand new Collins 550A with 500 watts output.

Again many thanks for your signal report and even more so thanks for your patience. Hope you will excuse the long delay.

Sincerely,

*Frank P. Saia*
