Dear Mr. Cooper:

Thank you for your letter of Jan 23 rd, and this is to verify your reception of Radio WFYI.

We are now operating on 10 Kw dawn to dusk, and I am sure you will have no trouble picking us up with a good signal, altho we are not beamed in your direction.

Sorry you cannot get a Veri from WGHQ. The next time I go over to our offices at Roosevelt Field will get the name of the Mgr in charge up there, and forward this info to you.

Thanking you most sincerely for your interest in WFYI, I am,

Most Sincerely,

*C. H. Lydamore*
