13 WARREN STREET, GLENS FALLS, NEW YORK

Feb 12 1948

Ernest R. Cooper
National Radio Club
Brooklyn, N.Y.

Dear Mr Cooper;

In reply to your letter of Feb. 9. 1948 this is to verify your reports on this station as being our own. We are sorry that you weren't notified last time but I do not remember receiving any letter from you previously. We are quite interested in reports from people like you as at the present time we are operating at only 100 watts output. However we will go to one kilowatt directional sometime this year. I hope that you meet with success in getting verifications from those other stations.

Sincerely
Harry H. Curtis
