Thank you for your report on on our WHLI
7/21/47 test program. We had been testing since
7/15/47 on the air and on a dummy prior to that.
Your program suggestions are in line with our
thinking for future programs. Roger Wayne is with
us. Our freq. checks are made during the day but
there is a possibility that a DX-test program
could be arranged. We share the WTAM frequency
and it would up to them to OK the time and day.
