WHTT 104.1 FM

1-23-87

Dear, Mr. Cooper,

It was indeed WHTT AM that you heard on January 11 + 18 and our FM which is simulcast on January 16. It must have been quite clear for you to hear that kind of detail at certain hours on Sat. + Sun. our AM broadcasts Polish shows, which is what you tuned into on the 11 + 18. On the 16th you heard our Pride + Joy, WHTT FM. In the last Rating we were named the #1 station in Buffalo! We had the best numbers in the 40 year history of the station, including old WWOL.

I made a mistake when replying to Mr. Morss, I ~~was~~ lost my ~~mind~~ mind for a minute and told him we were a 5000 watt AM, when in actuality we are only 1000 watts. WHTT AM does NOT have nighttime hours. We shut down at sunset to make way for KMOX. Our current on-air hours for the month of January 7:45 AM to 5:00pm. Well Mr. Cooper I hope I'm satisfied your curiosity. It was certainly a pleasure hearing from you. Take care and keep those air waves humming

Sincerely

TODD BROADY
