Dear Mr. Cooper:

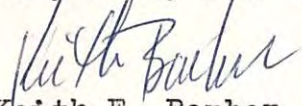

Many thanks for your reception report on our DX program of December 27th. Here is your verification that WIGS did actually broadcast at that time the material you reported receiving.

Our frequency check is run the third Wednesday of the month, 5:00 to 5:15 A-M, E.S.T, or E.D.T., as in effect in New York State.

I am enclosing one of our coverage maps. However, we will soon be increasing day-time power to a kilo-watt, so the coverage picture will change. I'll let N.R.C. know about up-coming program tests on our new Xmtr as far in advance as possible. These will probably be in February or March.

We were very happy to work with N.R.C. on this and hope to be of service to you again. Many thanks for the opportunity.

Very truly yours,

Keith E. Barber
News Director
