Earnest R. Cooper, Editor
National Radio Club
438 East 21st Street
Brooklyn 26, New York

Dear Lefty,

It is with great pleasure that I verify beyond a shadow of a doubt your reception of radio station WKIT at your location in Brooklyn, New York.

WKIT operates on 1520 kilocycles with a output of 250 watts from a Gates BC-250-Gy transmitter located at North 40-44'-58" and West 73-38'-25" which is Maple Place in Mineola.

WKIT is planning a special test for your club in the future and I hope to hear from you in response to this test.

Sincerely yours:

Robert Reck- WKIT DX Co-ordinator
