Ernest R. Cooper
438 East 21st St.,
Brooklyn, N.Y.

Dear Mr. Cooper:

We have received your letter dated 2/23/42, regarding the special DX program dedicated to the N.R.C. Thank you very much for the report of our signal at your receiving location. It is a most complete and comprehensive report. Please consider this as a verification of reception of WKNY's signals.

I am very glad you made it home from the stag party in time to hear the latter part of our program. You evidently missed the selection played especially for you. I had a lot of fun putting that program on the air. To date we have received eighteen reports from DX'ers. We can repeat it some time if there should be enough interest expressed by N.R.C. members to warrant it.

We have no regularly scheduled tests or frequency measurement broadcasts. Our frequency measurements are made in the early morning (fourth Friday Morning of each month at 6.30 am.) with no program on the air, just the carrier. Other tests programs are made but are not regularly scheduled, and they are generally of short duration.

Please feel free to communicate with us, or drop in to see us, at any time. Thank you very much for the interest that prompted you to communicate with us.

Sincerely yours,

STATION WKNY
