National Radio Club
438 East 21 Street
Brooklyn, New York

Dear Mr. Cooper:

We have your report of May 7th and appreciate very much its contents. I am referring your suggestion of a weekly DX period to Arthur Faske our Chief Engineer whom I suppose you know, and he will communicate with you further. This letter will also serve to confirm and verify your report.

With many thanks I am

Sincerely yours,

Elias I. Godofsky
General Manager
