Dear Sir:

We are very sorry for not answering your letter sooner but with the confusion of opening a radio station your letter was overlooked. Please forgive the oversight.

THIS IS TO VERIFY YOUR REPORT of Reception on November 18, 1951.

WPAC began broadcasting regularly on December 1, 1951, in the village of Patchogue which has a population of 12,500. The name Patchogue was derived from an Indian tribe that lived in this area years ago.

We, here at WPAC are extremely pleased and thankful through the DX'ers and we love you all for letting us know where we're going and what we are doing.

Due to the many DX's we have gotten, I am very sorry that I can't send you a much larger letter or any more, but thanks a million for myself, entire staff and management of WPAC.

Yours very truly,

Mort Morrison,  
Chief Engineer, WPAC
