VERIFICATION OF RECEPTION OF WQBK AM/FM ON 1300. KHz (Am),
THE 20 DAY OF Nov, 1980 AT 1616 hrs, E S T.

Thank you for your interest in our station.

WQBK-AM operates on an assigned frequency of 1300 kilohertz, with an authorized power of 500 watts pre-sunrise, and 5,000 watts day-times, signing off on the hour immediately prior to local sunset. WQBK-AM is directional, employing a two tower array to direct our signal in a primarily northeastern direction. Our format is all talk, information, and telephone call in, and we are affiliated with the American Broadcasting Company's Entertainment Radio Network.

WQBK-FM operates on an assigned frequency of 103.9 megahertz with an authorized power of 3,000 watts from a 300 foot antenna, full time. Our format consists of a mature blend of contemporary and progressive music and information, and we are affiliated with the American Broadcasting Company's American F.M. Radio Network.

Transmitters and studios for both stations are located on top of Smultz Hill in Glenmont, New York. We would be pleased to have you stop in if you are ever in the area.

Again, thank you for your interest in our station. Your report was most helpful.

SINCERELY

RICHARD DALBEC
