Dear Ernest

Thank you for report on  
our sigs - Sure surprised  
that we were getting thru  
WCOP + WOKK. your rpt  
check 100% with our Pgm log  
I doubt if our mile pattern will  
do very good down your way  
as it is very directive. OK on HQ 129x  
I have one myself + sure like it.  
Sure glad to QSL - yes our license is only  
on a temporary basis until we complete  
pgm test and inspector ok's us and we  
get our final license. Everything is the  
same only we haven't been inspected etc.
