

Dear Mr. Cooper -

7/14/70

Just a quick note here to verify your reception of W5FW on July 8th.

Although your letter was addressed to our engineer, Mr. Murphy, he is seldom here during the day, so I am taking the liberty of replying to your letter.

According to your list of what you heard, it definitely was W5FW you heard that night! We were surprised and pleased to hear of your receiving us. I am enclosing a small map, (the only one of the sort I could find).

Again, thank you for your well-written letter. I hope you'll excuse the informality of this letter, but time is always so short in this business.
