Dear Mr. Cooper:

WSPN began regular broadcasting on May 12th, 1954 at 1:30 PM. We serve an area up to about 35 miles from our tower, which includes Schenectady and the capital district in addition to our home base of Saratoga Springs, Ballston Spa and Mechanicville. I do not have a coverage map available. We will not publish one again until we measure the coverage of our proposed 1 KW operation. WBRV does cut our western coverage a little.

RCA at Riverhead measures our frequency between 12:00 and 12:15 AM, the third Friday of the month. We will be happy to run the special test schedule on December 3rd from 4:00 to 4:30 AM, EST.

Sincerely,
