Dear Ernest:

Thank you for your recent letter requesting confirmation of receipt of our signal on February 14th. We do indeed confirm what you heard and are delighted to do so. After signing off at 2 o'clock AM, the song, "I Believe", that you heard must have been from another station since it would not have been something that we would have aired.

Enclosed is a bumper sticker and a few more pieces of information about our station.

Once again, thank you for writing and congratulations on this achievement.

Sincerely,

Sue Bahner,  
Vice President/General Manager
