Dear Sir:-

This will verify your report of reception of WKKW on Sunday morning, February 29, 1948.

At the time you heard us we were testing with approximately 2000 watts, which accounts for the weak signal you reported. You were correct in assuming that most of our signal is beamed away from New York City.

We expect to commence regular operations shortly.

Very truly yours,

Arthur F. Schoenfuss
Chief Engineer
