

4/24/85

Dear Mr. Cooper,

Please consider this a letter of verification of your reception of WWLS, 640 khz, Norman, Oklahoma on Wed. April 3, 1985 From 12:14 AM To 1:02 AM. WWLS operates with one-thousand (1000) clear channell watts on a non-directional pattern during the DAY and one-thousnad (1000) clear channell watts on a directional pattern at NIGHT. Even though we are licensed out of Moore, Oklahoma our studios remain in a Norman mailing area. We were very pleased to receive your report.

Sincerely,

Jay Sanders
