2/18/88

Dear Ernest:

THIS letter confirms that you were listening to WADV on Feb. 14th, 1988.

I was suprised to learn that WADV can be heard in Provincetown, MASS.

WADV was on full-power of 1,000 watts non-directional at 7 am. our psa is 5 watts, also non-directional.

Just to update you, our GM is Hy White and I am the Chief Engineer.

I am glad that you can add WADV to your list. Thanks for the letter.

Sincerely,

Jim Cassatt
Chief Engineer WADV
