My dear sir;

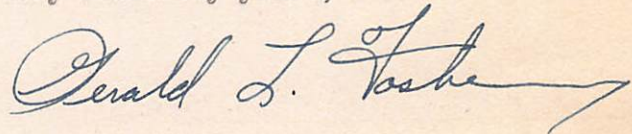

It has come to my attention that you have sent us reception reports which have been neglected. We are indeed very sorry that this matter has not been taken care of sooner.

We are very happy to know, through the means of the many members of your organization, that WBUX produces an exceptionally good signal for a 250 watt station.

Please accept this letter as verification of your log which was sent to us.

If we can be of any further help to you please contact me personally.

Very sincerely yours,

Gerald L. Fosbenner
