Dear Mr. Cooper:

Ah...look what I found, several SWL reports that got "lost" in the mess, so I will bring them home and work on the answers.

Thanks for the very nice letter of December 31, 1993, Yes you did hear WCCS and this will confirm your' reception.

We use a 4 Twr DA, 10Kw D/ 1Kw N in Stereo, the Xmtr is a Harris DX-10.

I don't get time to DX, but I do have a "ham" ticket, and get precious little time to operate there.

Thanks again for taking time to write us.

Sincerely

Fred C. Shetler
