Dear Ernest:

Many thanks for your QSL report. WCZN confirms your reception of the station on January 10, 1993 at 4:15PM Est.

I'm interested in your listening location in Provincetown. I'll bet it's a good one ! WCZN was the first station in the Philadelphia area to broadcast regularly in "C-Quam" AM Stereo. We have a new solid state plant which includes a Harris SX-2.5 which is all solid state, including the amplifiers. There no vacuum tubes at all in the station.

We increased to 2.5 kw tpo in 1988 with an erp of 3.2 Kw. We are 1 Kw at night.

Thanks again for the interest in WCZN.

Sincerely,
