Dear Mr. Cooper:

Obviously someone dropped the ball somewhere along the line or you would have received a reply from us long ago. You have my apologies for that as well as my appreciation for your writing each year to touch base -- station-to-station -- whenever our signal reaches you in Provincetown.

Enclosed is a line-up for your edification and your enjoyment. Please continue to keep us posted. We wish you continued good luck with your concert band music program and "Community Profile". It's unfortunate that we are unable to receive WOMR in Philadelphia.

A coverage map is included as requested. Be assured your letter will be forwarded to our chief engineer, Bill Gellhaus.

Yours truly,

JON HARMELIN
General Manager
