Dear Sir:

Your report of our signals dated March 5, 1958, is both correct and much appreciated. The times you state and the times in our log are the same.

We wish to thank you for the report and your good wishes. At the present, we are having some difficulties with the AM. We hope to have it on the air in about a month. I am sorry but we do not have any coverage maps at this time.

Very truly yours,
