

WHYL

South Central Pennsylvania's Music Station serving
half a million listeners with "Music a la WHYL."

WHYL BUILDING -:- CARLISLE, PENNSYLVANIA

December 26, 1952

Mr. Ernest R. Cooper, Editor
National Radio Club
438 East 21st Street
Brooklyn 26, New York

Dear Mr. Cooper:

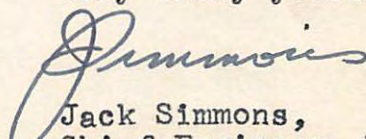

Your very welcome DX report was
received and noted to be correct.

I hope you will forgive the delay in
answering, but we are undergoing very extensive
construction changes at WHYL.

WHYL (formerly WLXW) is a kilowatt,
independent, daytimer, using RCA equipment. Our
tower is a simple, non-directional, guyed type, 200-
feet high, and we operate on 1380 kc.

Once again, thank you for your report.

Very truly yours,

Jack Simmons,
Chief Engineer, WHYL
