National Radio Club  
438 East 21st St.  
Brooklyn 26, New York

Dear Mr. Cooper:

This is to acknowledge your letter of September 15th. We wish to verify your reception of WJPA. Our somewhat tardy reply is occasioned by the fact that we wished to have our Chief Engineer, Mr. Joseph Troesch, acknowledge these calls since there was a great deal of technical data in your letter. We are also in receipt of a letter from a fellow DXer of yours, Staff Sgt. Alexander, F. Maley, U.S. A., 46 Ft. Putman St, Highland Falls, New York. Since both letters came in the same mail we imagine that our signal was very strong in that area. Perhaps in the not too distant future we may be able to arrange a DX program or broadcast for the National Radio Club, but since we along with many other agencies have a reduced personnel it would strain our facilities at this time.

Thank you very much for writing, and we hope this verification completes your Pennsylvania requirement.

Cordially yours,

WASHINGTON BROADCASTING COMPANY
